

CS MANTECH SHORT ABSTRACT PREPARATION INSTRUCTIONS

The abstract will be used by the CS MANTECH Technical Program Committee as the basis for acceptance of a final paper for presentation at the conference. The abstract must address a topic of interest to the compound semiconductor manufacturing community, including, but not limited to:

- 5G Devices and Circuits
- RF & Power Devices
- Optical Devices, LEDs, VCSELs
- Manufacturing Culture: Process Improvement Methodologies, SixSigma®, CPI
- Wafer & Device Processing
- Process Control & Yield
- Epitaxy & Materials
- SAW/BAW Filters
- Test & Reliability
- Packaging
- Heterogeneous Integration
- Business/Market Outlook
- Equipment

Submitted abstracts should be 1 or 2 pages in length and should clearly state:

The purpose of the work;

How CS Manufacturing Technology was used or advanced; and

Specific results and how they were achieved with supporting data, charts and pictures.

Note: Previously published results will be rejected automatically.

If you have questions regarding the abstract preparation, email our Technical Program Chair at tpcchair@csmantech.org.
